

New Product

Specialist car seat for children with additional postural needs.

Kidsflex by Hernik

Fully adjustable specialist seating for use in vehicles, with excellent postural support options and tilt function. Available in 3 sizes and suitable for children up to 75kg.

INNOVATIVE FEATURE

Choice of Cover Colour Options

Available in a combination of Red/Black or Blue/Black on sizes 1 and 2. Size 2XL available in Grey/Black only. All covers are machine washable at 30°.

INNOVATIVE FEATURE

Adjustable Back and Head Support

Height adjustable back and head rest.

INNOVATIVE FEATURE

Backrest Recline

The backrest can be infinitely adjusted between upright (90°) and 120° posterior recline.

INNOVATIVE FEATURE

Thoracic & Shoulder Supports

Optional Thoracic Supports stabilise a user with poor trunk control whilst the optional shoulder protractors encourage a functional mid-line hand position and prevent excessive retraction.

INNOVATIVE FEATURE

Abduction Block

The optional Abduction Block is ideal for creating separation between the knees to prevent adduction.

INNOVATIVE FEATURE

5-Point Harness

5-point harness with shoulder and lower buckle covers.

INNOVATIVE FEATURE

Tilt-in-Space

The base has an optional tilt-in-space function offering up to 20° posterior tilt.

INNOVATIVE FEATURE

Leg Support Pads

Optional Leg Support Pads are ideal to use with the Abduction Block to create abduction, adduction or control windsweeping.

INNOVATIVE FEATURE

90° Swivel Base

The base rotates 90° (a left or right direction must be specified) to facilitate easy transfers.
